Dry Bulk Container Liner

20ft General Purpose

QUIET AND STRONG

Order in bulk and receive exclusive discounts plus expedited shipping.

General Purpose Dry Goods Bulk Liners are designed to suit 20 ft. or 6.1m shipping containers. They are used in many industries to store and transport chemicals, petrochemicals, minerals, agricultural products, seeds and food products.

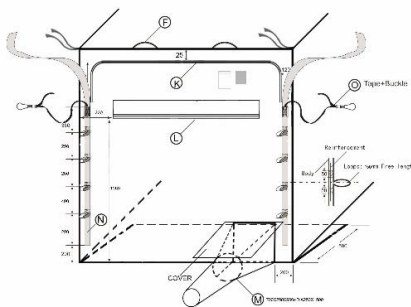

The front panel zips easily open for loading of your product. Silverback liners are made for quick and easy installation.

The liner is made from woven polypropylene laminated with LDPE film. It is certified food quality so ask your local Silverback office for more information and documentation from our manufacturer.

This product has a corner discharge chute 700mm x 400mm x 900mm Dia 400mm x 1500mm for simple unloading. The front panel zips open to load the product.

Liners should always be stored flat in a clean and dry part of your warehouse. Care should always be taken that liners are not exposed to the elements or damaged as they must remain in a "food quality" state.

Silverback liners come flat on covered pallets for extra protection.
